

Greetings

Current Sinclair
Broadcasting's
programming of
politically
motivated "news" is
unfair and shows the
need for scrupulous
attention to who and
how stations are
given use of the
public airwaves.

I strongly favor a
thorough
investigation of
these shennanagans,
and a repeal of
their licence.

This Orwellian
programming is the
result of lax
attention to
licencing and media
consolidation.

Sincerely,

Elissa Rubin-Mahon
